

 **TOYOTA TARAGO**
oh what a *feeling!*

The ultimate support vehicle.

Ultima model shown.

More powerful reasons to choose Australia's top people mover.

Toyota Tarago has felt right at home in Australia for over two decades. After all, the very name 'Tarago' is derived from an Aboriginal word meaning 'my house'. Yet this 'house' is now even more inviting than ever. It's more luxurious, more practical and even more powerful than ever.

Across all the models, there's an impressive package of standard features, new levels of comfort and impressive power. In addition to the responsive 125kW 4 cylinder, Tarago now offers you the choice of an advanced 3.5 litre, quad cam V6 enhanced with Dual VVT-i delivering a class-leading 202kW* and a complete package of Toyota's innovative engine technology.

*Based on 95RON unleaded petrol.

Front cover - V6 GLX model shown.

4 cylinder GLX model shown.

The power and peace of mind of new technologies.

When it comes to moving people, Australia's favourite people mover hasn't stood still. The economical 4 cylinder range is equipped with a VVT-i engine for power when you need it and economy when you're cruising. Step up to the new V6 Tarago range and you'll find the improved benefits of Dual VVT-i enabling a powerful yet surprisingly economical drive and with low emissions.

In the Tarago, you'll often find yourself carting the most precious cargo in the world - so safety is always a priority. A comprehensive braking package called 'Active Braking with intelligence' (AB-i) improves stability and enhances control in emergency situations. This braking package, standard across the range, incorporates Anti-skid Braking System (ABS), depending on model, either mechanical or electric Brake Assist (BA) and Electronic Brake-force distribution (EBD). For the 4 cylinder GLX and all V6 models you also have the reassurance of Vehicle Stability Control (VSC), Traction Control (TRC) and a brake activated Pre-Crash Seatbelt system.

Dual front SRS airbags are standard, however an additional 5 airbags are available as either an option with the Enhanced Safety Pack on 4 cylinder GLi or as standard on 4 cylinder GLX and across the V6 range. Additional to the dual front airbags come front seat side, curtain shield & driver's knee airbags.

All these features, plus a range of impressive passive safety features mean you can shuttle your passengers with further reassurance.

Tarago. Toyota Genuine Accessories. Make a good thing even better.

Assert your sense of individuality.

Enhance your Tarago's practicality and individuality through Toyota's broad range of Genuine Accessories, all developed to strict quality and performance standards and backed by our Toyota warranty.

TOYOTA GENUINE ACCESSORIES ARE COVERED BY OUR TOYOTA WARRANTY*

Some Toyota Genuine Accessories are not applicable to all Tarago models. See your Toyota Dealer for advice regarding Toyota Genuine Accessories. Pictured Accessories are all sold separately. For a comprehensive guide on the entire range of Toyota Genuine Accessories, visit our website at accessories.toyota.com.au.

*All Toyota Genuine Accessories purchased and fitted to a Toyota are warranted for the remainder of the New Vehicle Warranty or 12 months, whichever is greater. Toyota Genuine Accessories purchased from an authorised Toyota Dealer over the counter are warranted from the date of purchase for one year (unlimited kilometres). Conditions apply.

**Current mapping database encompasses major capital and primary national road networks as well as offering some coverage in regional areas.

Ultima model shown.

A more accommodating, more inviting interior.

In this people mover, interior comfort moves into new territory. You'll discover all Tarago models are comprehensively equipped with smart design features. From a convenient sliding centre console, remote electronic sliding doors and lush leather retractable Captain chairs with adjustable footrest in the V6 Ultima, to standard features across the range including armrests for added comfort, cruise control operated via controls on the steering column, dual zone climate control air conditioning with pollen filter and steering wheel mounted audio controls giving you fingertip adjustment during highway cruising. All these features and more will have you never wanting to leave the driver's seat.

The interior has been designed with a focus on maximising space and evoking a unique sense of comfort and style. For starters, Tarago offers space and comfort to easily accommodate up to eight full size adults. But, of course, people aren't all that Tarago has been designed to carry. For as we know, the bigger the family the greater the cargo that goes along for the ride. The base of the second row seat can be folded forward to create a flat luggage area, as well as a 60/40 split in the third row for bulkier items. V6 models also allow the third row seats to fold into the floor for added capacity, with the Ultima making things a touch easier, with power operation letting you stow the seats at the push of a button. Tarago is also big on little storage ideas to keep those smaller items in their place, with an abundance of handy storage compartments throughout the vehicle, including eight cupholders.
